

MICROÏDS ANNOUNCES THE RELEASE OF ADVENTURE GAME CLASSIC "SYBERIA" ON ANDROID

Montreuil, December 20 2013. Microïds responds to the call of the hit adventure game saga Syberia fans and offer them to relive Kate Walker's amazing journey on Android.

Along with the development of highly expected **Syberia 3**, French publisher Microïds keeps sharing their **all-time masterpiece** with the passionate of the genre, no matter their favorite support. This is now mobile and tablet under **Android** owners' turn to discover or rediscover this title designed by untypical and world famous author **Benoit Sokal** (Amerzone, Canardo...).

The strength of the series is to deal with **human or society themes through a wonderful fanciful universe** rocked by snowflakes. With Syberia, through Kate Walker's adventure, a New York lawyer, players go on an **initiatory trip where they wonder about their ability to give up their every-day life to pursue their dream**.

The game begins as the heroin arrives in Valadilene, in the heart of the French Alps with the **mission to purchase, for her company**, an automaton factory whose owner just passed away. Kate quickly discovers that Ana Voralberg had an heir, her younger brother Hans.

To close the deal, **she has to find this man who has disappeared for decades for unknown reasons**. Through this journey, she will make several encounters that **will change her vision of the world for ever and reveal her true personality**.

"Syberia" is fully dubbed in English and French and subtitled in English, French, German, Italian and Spanish. It is available since December 20 2013 on Android (**Google Play and soon Amazon AppStore**).

The trailer is available here:

About Anuman Interactive

Created in 2000, Anuman Interactive is a French publisher of software, applications and video games for the general public, and is best known for its Architecture, Highway Code and Creative Activities titles. With the experience and know-how of its teams, Anuman Interactive has widened its sphere, which mainly includes practical and edutainment titles, and now encompasses adventure video games, an industry in which it is becoming a major international player, thanks to the Microïds (Amerzone, Dracula, Still Life, Syberia) brand.

At the end of 2009, Anuman Interactive joined the Media-Participations group, the 3rd largest publishing group in France and the top comic book publishing group in Europe, as a subsidiary company, and has shared its multimedia expertise with the different companies within the group to consolidate its progress in the development of new technologies.

Today, Anuman Interactive develops, publishes and distributes applications, as well as video games, on a number of different platforms (PC, Mac, Consoles, iPhone, iPad, Android etc.), thanks to a rich and varied license catalogue. As both a major player in Apple's AppStore, and as the partner of globally known download platforms like Steam or Big Fish, these are certainly exciting times for Anuman Interactive!
